

Holiday Traditions

My family has a tradition of going out to eat together on Christmas Eve. After that, we go to one house to open our gifts from one another.

On Christmas Day, we go back to the same house for lunch and all the children share what they got from Santa Claus that morning with each other and play with their new toys. We usually spend the whole day together and eat leftovers for dinner before going back to our own homes.

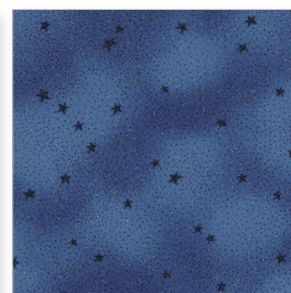

Forest Frost Glitter Favorites

moda

Feel the cold, crisp air as you surround yourself with the images and colors of an icy winter landscape. Pine branches, snowflakes and a village glitter with silver metallic on backgrounds of Snow, Icicle and Night Sky. Winter birds and red berries stand out in beautiful contrast to the frosty palette.
